Question 53	<p>53. Question: What are the freight rates for the material, equipment, and parts required for this contract or does the Contractor obtain their own arrangements? Will the Government make shipping arrangements or is the Contractor responsible for shipment on and off the island?</p> <p>Government Response: The Contractor is responsible for obtaining freight rates for the material, equipment and parts required for this contract. The Contractor is also responsible for making shipping arrangements for shipments on-island and off-island. The Base Barge Service Transportation Officer is Ms. Candace Keller and she can be reached at 904-751-8887.</p> <p>Is the cargo that the contractor needs for this contract moved down to the island on the barge to be booked via Canace Keller under government barge freight rates or booked directly with the barge line servicing the contract.
